

What Bible do you use?

Written by

In English-speaking countries we use the King James Version of the Bible in church services and in reading the weekly Bible Lessons. We also often use other current translations in our individual Bible study. Other areas of the world use Bibles published in local languages. A tenet of Christian Science reads, "As adherents of Truth, we take the inspired Word of the Bible as our sufficient guide to eternal Life." (Science and Health. p.497)
